OBJECTIVE

2024 graduate with 5 months of experience in backend (APIs) and mobile frontend development, along with some exposure to debugging and testing. Currently focused on machine learning and AI, I am seeking an internship where I can apply my skills and contribute to the organization's growth.

EXPERIENCE

Tech Intern

Aug 2024 - Dec 2024

Raasa Karts India Pvt. Ltd

Noida, UP

- **ONDC API Integration:** Successfully integrated ONDC Logistics Gateway, Connector APIs into the application.
- Managed seamless communication between the application and the ONDC network.
- Resolved API-related issues to ensure uninterrupted service.
- **Collaboration and Documentation:** Documented code and API integrations for future reference and onboarding.
- Stayed updated with industry trends to keep the tech stack up-to-date and efficient.
- 2 Months of Hands on Practice on Laravel and Debugging and testing
- 2 Months of Hand on Practice in React native.

PROJECTS

Movie Recommender [github](#)

- **Developed a Movie Recommendation System:** Built a movie recommendation system using Python and Streamlit, which suggests movies based on user preferences.
- **Implemented Machine Learning Model:** Utilized a similarity matrix to recommend movies, leveraging pre-trained models stored in pickle files.
- **Integrated External API:** Fetched movie posters dynamically using The Movie Database (TMDb) API to enhance user experience with visual recommendations.
- **Data Handling and Processing:** Loaded and processed movie data using Pandas, ensuring efficient data manipulation and retrieval.
- **Interactive Frontend with Streamlit:** Designed an interactive web application using Streamlit, allowing users to select movies and view recommendations with corresponding posters.

SKILLS

Technical Skills	Java, Python, C/C++, SQL(MySQL), JavaScript, HTML/CSS,Larvel(PHP)
Framework/library	NodeJs, React Native, Panda ,Numpy , Scikit-learn, seaborn,Matplotlib
Dev tools	Git/Github, VS Code, PyCharm, IntelliJ,

EDUCATION

Sunderdeep college of management and technology , BCA

Expected 2020

Relevant Coursework: Object Oriented Programming, Database management Systems, Data Structures and Algorithms, Operating Systems, Computer Networks, Machine Learning, System design.
